

 Capabilities Statement

www.napavalleyminingcompany.com

Napa Valley Mining Company LLC is a company that specializes in Fire Resistant Coating for all Industries Sectors which can take up to 3,000 degrees on Card Board with no burn through on the Backend. Napa Valley Mining Company LLC and AC Eco Composite Resin LLC works with Industries Worldwide to bring non Toxic and Environmentally safe and Green Friendly products to the masses. AC Composite Resin company has a FDA Approved and Certified Green Vegetable Oil Base Epoxy Resin (V.O.B.) that can be used in most Industries including Medical because it is Biodegradable.

 Core Competencies

Fire Resistant Coating/Resin

Applications

- ✓ Fire protection/containment in refineries and oil rigs
- ✓ Protection of wall laminate to enhance burn-through times to meet building codes and regulations
- ✓ Filtration material for industrial emission stacks and bag-houses
- ✓ Protection of structural steel from fire and heat devastation
- ✓ Hot section heat shields
- ✓ Industrial and domestic furnaces
- ✓ Turbines
- ✓ Safe Asbestos replacement

Industries

- ✓ Aerospace
- ✓ Automotive
- ✓ Chemical
- ✓ Construction
- ✓ Defense Tech
- ✓ Energy
- ✓ Environmental
- ✓ Medical
- ✓ Nuclear
- ✓ Oil & Gas

 Differentiators

- ✓ NVMC's composite is environmentally friendly, non-toxic, fire resistant, lightweight, durable, and can be molded into any shape or form that a customer may need.
- ✓ Fire Resistant Coating that can withstand 3,000 degrees on Card Board with no Burn through at the backend.
- ✓ NVMC's composite is FDA Approved and Certified Green Vegetable Oil Base Epoxy Resin.

 Corporate Data

CAGE: 7VRT7 | **UEI:** NAFBHBNNKTR5
Gov. Bus. POC: Karry Friendly
Phone: (425) 239-2900
E-Mail: kclfriendly@yahoo.com
Address: 625 101ST PL SE Apt C, Everett WA 98208
Work Area: Everett, WA | Able to Ship Globally
Socio-Economic Status:

- Economically Disadvantaged Woman Owned Small Bus.
- Veteran Owned Small Business
- Minority Business Enterprise

 Past Performance

NASA
Date(s): 1978-1990
Details: Water Separation Device and Environmental safe Rocket Repellent.
